SANJAY BORA

Delhi, India • +91 95489 83448 • sanjaybora380@gmail.com <u>sanjaybora.vercel.app</u>

SUMMARY

Full Stack Web Developer experienced in designing, developing, and maintaining robust web applications. Proven expertise in React, Next.js, Node.js, and Express.js. Demonstrated ability in cloud services (AWS), RESTful API integration, responsive design, and database management (MongoDB, SQL, Sequelize). Adept at collaborating with cross-functional teams to achieve project goals and enhance user experience.

WORK EXPERIENCE

Full Stack Web Developer, JoinYourTrip - Remote

Aug 2023 - Present

- Designed and optimized database schemas to efficiently store and retrieve web application data using MongoDB.
- Researched and implemented new technologies, including React and Next.js, to enhance development workflows.
- Integrated third-party RESTful APIs to extend application functionalities, improving user engagement by 20%.
- · Collaborated with UI/UX designers to create responsive and user-friendly interfaces using Agile methodologies.

Back End Developer - Intern, Social Advertize - Delhi, India

Mar 2023 - Aug 2023

- · Developed backend for websites, including forms and other interactive features using Node.js and Express.js.
- Managed databases such as MongoDB and SQL to ensure fast and efficient data handling.
- Worked with front-end developers to integrate server-side logic with user interfaces using React and Next.js.
- Solved technical issues and added new features to enhance user experience and employing RESTful API integration.

Computer vision Intern, IoTIoT.in - Remote

Aug 2022 - Nov 2022

- Created algorithms utilizing deep learning methods to identify and categorize objects in images.
- Executed computer vision workflows for real-time object detection, tracking, and identification.

JOINYOURTRIP.COM PROJECT

- **Developed Frontend:** Built a responsive and dynamic interface using React and Next.js, ensuring seamless user experience across devices.
- Backend Implementation: Created a robust backend with Node.js and Express.js, integrating RESTful APIs for smooth client-server communication.
- **Database Management:** Utilized MongoDB for efficient data storage and retrieval, ensuring high performance and reliability.
- Cloud Services: Deployed the application using AWS Cloud Services, providing scalability and uptime.
- Collaboration and UI/UX Design: Worked closely with UI/UX designers to enhance user engagement and satisfaction by 20%.

EDUCATION

Bachelor of Computer Applications

2021 - 2024

Maharaja Surajmal Institute - Delhi, India

Certifications

- AWS Certified Solutions Architect
- Certified Kubernetes Administrator (CKA)
